

Indoor Play Barn Rules

The rules are to keep our visitors in the play barn happy and safe. When you enter the play barn you must follow these rules and listen to all staff instructions.

Children must always be accompanied and supervised by an adult.

Encourage your children to play according to their age and ability. Special soft play areas are provided for under 2's.

Socks must always be worn. To use the drop slide leggings or trousers and long-sleeved tops must also be worn, shirts need to be tucked in, and you must be over 0.9 metres tall.

Before playing, shoes must be removed along with all items of jewellery, watches, belts, scarves etc. which could get caught up.

People who wear glasses or contact lenses should take care.

No food, drink or chewing gum may be taken into the play areas.

Use the slides correctly – only one person at a time, go down feet first and move away quickly once you reach the bottom, DO NOT climb up the slides.

Disruptive behaviour or foul language will not be tolerated.

Children who are unwell should not use the play equipment. If your child has an accident whilst in the play areas, you must inform the play barn staff member/s immediately.

We have play barn staff here to assist with the smooth running of the barn & play areas. It is the responsibility of Parents/Adults to ensure their child wears the correct clothing, behaves appropriately and is always supervised.

Drop Slide Rules of Play

- The Min child height is 0.9 metres
- Children must be able to understand what they are told by member of staff
- Arms & legs are to be covered (we advise not to wear shorts or skirts)
- One person to use the slide at a time
- Remove jewellery & watches
- Arms need to be folded across your chest
- To go down the slide feet first
- No pushing the person in front of you
- Please do not play on the bottom of the slide
- Parents are responsible for their children at all times
- We take no responsibility if your child is injured
